Authorization for this examiner's amendment was given in a telephone interview with Richard L. Chinn on 3/27/08. The application has been amended as follows:

In claims 7 and 8, the phrase "selected from the group comprising" has been deleted and the phrase --at least one selected from the group consisting of-- has been inserted.

Claim Objections Withdrawn

The objection to claim 11, outlined in the previous Office Action, has been overcome by applicant's amendment. The amendment corrects the spelling.

112 Rejections Withdrawn

The rejection of claims 1-13 under 35 USC 112, second paragraph, outlined in the previous Office Action, has been overcome by applicant's amendment. With respect to claims 1, 2, 6, 10, 11 and 12, applicant's amendments and arguments have been

carefully considered and are persuasive. With respect to the remaining claims, the rejection is moot.

Claims 1-20 are allowed. The following is an examiner's statement of reasons for allowance:

The closest prior art appears to be US 6,433,219 B1, which teaches a related process of the production of methylenediphenylamine and methylenediphenylisocyanate (abstract; column 9, line 11, Examples). The reference neither teaches nor suggests the instant process.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
